AI Disclaimer

Last updated: February 16, 2026

At **Black Diamond Travels, LLC** ("we," "us," or "our"), we are dedicated to sharing helpful, accurate, and meaningful information with our audience. As part of our content creation process, we may use artificial intelligence (AI) and other automated tools to assist in generating certain types of content.

Purpose of AI Use

AI may be used to support our content development efforts so we can provide timely, relevant, and diverse information across a variety of topics. These tools help us expand the range of topics we cover, offer different perspectives, and deliver content more efficiently.

Our goal in using AI is to enhance the quality and accessibility of our materials while keeping information current and informative. AI may assist with research, drafting, brainstorming ideas, and developing initial content. We may use AI in multiple areas of our business, including travel-related articles, marketing materials, product or service descriptions, and content shared across social media platforms such as Facebook, Instagram, TikTok, Pinterest, and YouTube.

Human Oversight

Although AI may assist with content creation, all content is carefully reviewed, edited, and fact-checked by our team before publication. This human review process helps ensure accuracy, relevance, and alignment with our brand voice and quality standards.

We hold AI-assisted content to the same expectations as content created entirely by human team members, with the goal of providing clear, trustworthy, and valuable information for our clients and audience.

Ongoing Commitment to Quality

Our commitment to high-quality content remains unchanged. Using AI is simply one way we continue to improve and evolve our services while maintaining the authenticity and integrity of our brand and website.

Accuracy and Reliability

AI tools are powerful and capable of analyzing large amounts of information; however, AI-generated content is based on patterns and existing data and may not always reflect the nuance or insight that comes from human experience.

While we make every effort to ensure the accuracy and reliability of our content, we encourage readers to use discretion and consult additional sources when seeking a broader understanding of any topic.

Disclaimer

All content shared by Black Diamond Travels, LLC is for informational purposes only and should not be relied upon without independently verifying its accuracy and completeness. Despite our best efforts, AI-assisted content may occasionally include errors, omissions, outdated information, or unintended inaccuracies.

Accordingly, we disclaim liability for any inaccuracies or omissions found in AI-generated or AI-assisted content. Users are encouraged to exercise caution and judgment when relying on information provided through our website or materials.

Under no circumstances shall Black Diamond Travels, LLC be held responsible for any outcomes, losses, or damages resulting from reliance on AI-generated content or actions taken based on such information. We strongly recommend consulting qualified professionals or licensed experts when making important decisions.

We reserve the right to edit, update, modify, or remove AI-generated content at any time without prior notice.

Feedback and Corrections

We value feedback from our audience. If you notice inaccuracies or have concerns regarding any AI-assisted content, please contact us. We are committed to addressing issues promptly and continuously improving the quality of our content.

By continuing to use our website, you acknowledge that certain content may be created with the assistance of AI and agree to the terms outlined in this disclaimer.

Thank you for your continued trust and support of **Black Diamond Travels, LLC**.
