THE AQUANET DEVICES

Aquanet APS-100

Product #4305

\$8,910.00

Gives Pressure treatments with patented Applied Pressure-Sensing Technology, which ensures that treatment water pressure is maintained at a safe level below 2 psi and the patient experiences an effective treatment with virtually no cramping sensation.

Includes 3 stage water treatment (2 stage filtration + ultra-violet treatment.)

Comes with the standard Pearl White colour front.

Aquanet GRY-500

Product #4300

\$9,685.00

Gives Gravity treatments with our patented Low Elevation Gravitational Technology, which uses a small amount of water elevated in a column to create 1 psi of pressure, allowing for a gentle and effective treatment experience.

Includes 3 stage water treatment (2 stage filtration + ultra-violet treatment.)

Comes with the standard Pearl White colour front.

Aquanet EC-2000

Product #4310

\$10,785.00

Our patented Dual Mode Technology allows the practitioner to switch between Pressurized Mode with patented Applied Pressure-Sensing Technology and Gravity Mode with patented Low-Elevation Gravitational Technology during the same treatment.

Includes 3 stage water treatment (2 stage filtration + ultra-violet treatment.)

Comes with the standard Pearl White colour front.

COLON HYDROTHERAPY DVDS

Comprehensive Training DVDs - Closed System Operation

Each Aquanet device has a corresponding training DVD that clearly and comprehensively explains how to administer a colon hydrotherapy treatment and how to operate the device. Everything that is covered in clinical training is covered in these videos. These videos greatly reduce training expenses and are a great tool for refresher training any time you need it.

Operation and Treatment Procedure Instructional DVD - Aquanet APS-100

Product #6100	over 1 hour	\$95.00
---------------	-------------	---------

Operation and Treatment Procedure Instructional DVD - Aquanet GRY-500

Product #6200	over 1 hour	\$95.00
---------------	-------------	---------

Operation and Treatment Procedure Instructional DVD - Aquanet EC-2000

Product #6000	over 1 hour	\$95.00
---------------	-------------	---------

A Patient's Guide to Colon Hydrotherapy with an Aquanet Device DVD

Product #6500	10 min	\$75.00
---------------	--------	---------

This video explains what to expect from a colon hydrotherapy treatment. The target audience is your patient. Run time is approximately 10 min.

AQUANET ADD-ON COMPONENTS

Universal Cart Stand

Product #4314

\$1,965.00

Movability of Aquanet devices made simple. Solid steel construction with high-temperature powder coating for extra durability.

Compact for low-cost shipping, ships in quick-assembly components.

Corner bumpers protect equipment and surroundings.

Hydraulic lift for adjustability

Compartments for disinfecting solution and filter change tray.

Aquanet Units Wall Mount to Stand Mount Conversion Kit

Product #AQ-24-20

\$300.00

AQUANET ADD-ON COMPONENTS

Disposable Drip Tray Installation Kit with 24 Trays

Product #4350	for EC-2000	\$160.00
Product #5350	for APS-100 or GRY-500	\$110.00

Add an extra level of sanitation with a drip tray, which catches any water and waste when the water line and waste hose are removed.

Stainless Steel Utensil Tray

Product #4315	\$43.00
---------------	---------

Useful for holding the Speculum Kit Bag during treatment, on top of the Aquanet.

Additive Kit - Pyrex Glass Container & SS Valve

Product #4330	\$528.00
---------------	----------

The Additive Kit allows for the application of therapeutic additive solutions. This model attaches to the gravity column of the EC-2000 or GRY-500. If you have an APS-100, please let us know and we'll send a free column.

Check with your local health authority as certain restrictions may apply to the use of this device in your area

Additive Kit - PVC Container and Hose Clamps

Product #4331	\$257.00
---------------	----------

The Additive Kit allows for the application of therapeutic additive solutions. This model is mounted on the wall and therefore cannot be used with the Universal Cart Stand.

Additive Hose Attachment replacement - Product #4332 \$33.00

Check with your local health authority as certain restrictions may apply to the use of this device in your area

Water Distribution Manifold

Product #4322	\$890.00
---------------	----------

AQUAWING CONVERTIBLE BASIN TREATMENT TABLE

AquaWing Convertible Basin Treatment Table

Patents pending

Product #4200

\$17,500.00

The world's first convertible basin treatment table, which can be quickly converted between two settings allowing for the delivery of either open-style or closed-style colon hydrotherapy treatments using your existing closed-style colon hydrotherapy device. Converting between settings takes less than a minute, and involves only the exchange of a fiberglass component and changing the arrangement of support cushions. Both styles of treatment are delivered from a single treatment room, using a specialized set of disposables for each treatment style.

AQUAWING CONVERTIBLE BASIN TREATMENT TABLE

Aquanet EC-2000 and AquaWing Combination

Product #4200-EC

\$27,785.00

Both the Aquanet EC-2000 pressure and gravity colon hydrotherapy device and AquaWing Convertible Basin Treatment Table.
Does not include Movable Stand & Water Distribution Manifold.

Aquanet GRY-500 and AquaWing Combination

Product #4200-GRY

\$26,685.00

Both the Aquanet GRY-500 gravity treatment colon hydrotherapy device and AquaWing Convertible Basin Treatment Table.
Does not include Movable Stand & Water Distribution Manifold.

Aquanet APS-100 and AquaWing Combination

Product #4200-APS

\$25,910.00

Both the Aquanet APS-100 pressure treatment colon hydrotherapy device and AquaWing Convertible Basin Treatment Table.
Does not include Movable Stand & Water Distribution Manifold.

AQUAWING ADD-ON COMPONENTS

Basin Cover Storage Dolly

Product # 4400

\$320.00

Easily store and access the basin cover or leg support underneath the treatment table. A must-have when frequently converting between table settings for open-style or closed-style colon hydrotherapy treatments.

Treatment Table Paper Dispenser

Product #4404

\$95.50

Conveniently keep and dispense treatment table paper to quickly cover support cushion surfaces for each open-style or closed-style colon hydrotherapy treatment.

Long Handle Cleaning Brush

Product #8125-AW

\$38.80

Long handle cleaning brush to easily clean the waste view tube along its entire length.

CLOSED STYLE DISPOSABLE TREATMENT PRODUCTS

PRO-FIT (STANDARD) SPECULUM KITS

Pro-Fit Disposable Speculum Kits with Conventional Waste Hose

Dependable, consistent quality, hypoallergenic speculums in kits.

All three speculum types have the following features:

- Tab for easy handling
- Graduated taper (waste hose fits securely)
- Speculums are bio-compatibility tested and toxicity tested
- Made from DEHP and BPA free materials
- Disinfected before packaging according to international medical standards
- Speculums sold separately or as part of a speculum kit

See following page for the conventional Pro-Fit disposable speculum kit options. On the pages after that are the new Eco-Flex kits and Speculums-Only (No Kit.)

Each Speculum Kit contains:

1 Speculum, 4ft Waste Hose, 4ft Waterline, 5gr Jelly Lube, in an easy-to-open perforated package

CLOSED STYLE DISPOSABLE TREATMENT PRODUCTS

CLOSED STYLE DISPOSABLE TREATMENT PRODUCTS

NEW ECO-FLEX SPECULUM KITS

Eco-Flex Disposable Speculum Kits with Compressing Waste Hose

Prime Pacific Health Innovations is proud to present speculum kits featuring our new Eco-Flex waste hose, the first waste hose designed specifically for colon hydrotherapy. Better treatment results for your clients and substantial savings for your clinic!

See following page for the new Eco-Flex speculum kits.

With the same dependable, consistent quality, hypoallergenic speculums as in our Pro-Fit speculum kits. Each Speculum Kit contains:
1 Speculum, 4ft Waste Hose, 4ft Waterline, 5gr Jelly Lube, in an easy-to-open perforated package

What is the new Eco-Flex waste hose?

- Accordion-style waste tube compresses for 50% smaller storage dimensions compared to conventional kits.

- An equal number of treatment kits: the new Eco-Flex kits on top shelf versus conventional on bottom shelf

- Great savings on shipping
- Reduced environmental impact - smaller shipping dimensions means a greener way to ship

QUALITY ASSURANCE

We Uphold the Highest Standards

Prime Pacific Health Innovations' products are manufactured according to strict international medical standards.

United States FDA cleared, Health Canada licenced

ISO 13485:2016 Certificate of Registration

FDA Section 510(k) Cleared, Regulatory Class II (FDA GMP)

Health Canada Medical Device License

Every part that is used in building the Aquanet Line of products undergoes an extensive assessment in regards to material composition, compatibility, endurance and appearance.

Each Aquanet device undergoes an extensive testing procedure over several days in addition to a 95 point performance inspection before it receives the approval of our Quality Assurance experts. Only then is it released for sale.

With the proper maintenance, Aquanet units have proven to last well beyond 10 years of reliable service

Prime Pacific Health Innovations was founded with a vision to provide hospitals and clinics with the most advanced colon hydrotherapy equipment in the world. Through our innovation, research and development, we have created many patented technologies to achieve that goal. Today, Prime Pacific Health Innovations manufactures the safest, most effective, and most innovative equipment available in the professional medical industry.
