

ARTCi — Suno Prompt Pack

Practical prompts for original, usable AI music for content, ads, and creative work.

Why this exists

Most issues come from how prompts are written. This pack gives grounded starting points to keep music usable and original.

Core Prompt Structure

Create an original [tempo] track with a [mood] feel. Use [textures]. Keep melody simple and natural. Structure with intro, development, and smooth ending.

Ads / Business Content

Mid-tempo, clean, modern. Light textures. No strong hooks. Supports spoken content.

Storytelling / Emotional

Slow to mid-tempo. Warm tone. Soft piano, ambient textures. Gradual build.

Voiceover / AI Videos

Calm, minimal. Soft pads, light piano. Avoid strong melodies.

Advanced Tip

Control energy without hype. Keep melody minimal. Avoid repetition.

What to Avoid

Artist references, viral language, catchy hooks, radio-ready chorus.

Ready-to-use Prompt

Create a modern, mid-tempo track with a calm cinematic feel. Keep melody simple and original. Suitable for video and voiceover.

ARTCi

Multimedia projects, content, and AI video work designed to connect with people.
